

August 16, 2021

TDC Safety Procedures:

1. The health and safety of our dancers, staff, and dance families is our priority.
2. TDC is cleaned daily and is also frequently sprayed down by Ecovasive, a cleaning company that sprays the entire studio with a non-toxic layer of antimicrobial spray that lasts for 30-90 days.
3. Please make sure you can answer “**no**” to all of our pre-screening health questions (see below).
4. **Masks are expected and highly recommended** in the dance studios and break room. Only dancers should enter unless prior arrangements were made for parent/guardian to enter for payment, etc. (Preschool and Combo dance parents may have 1 representative for first and last 5 minutes of class.)
5. Please use hand sanitizer and hold onto dance bag upon entering your specific dance room (please keep bags with you and use cubbies in studios while in class.) Backpacks may be stored in break room.
6. Each class will be released 5-10 minutes early so that instructor may properly disinfect before the next class enters. Each room has its own box of cleaning supplies.
7. While in dance rooms, dancers must stay on their assigned mark on the floor that has been measured for distance between dancers.
8. Please make sure that dancers are dropped off no longer than 5-10 minutes prior to class time. In the event that a dancer has a break between classes, the break room will be open but masks are expected and dancers must maintain social distancing.
9. If anyone is feeling ill, PLEASE do not come to the studio!
10. In the event that a dancer or instructor tests Covid positive, classes will be notified that could have been exposed. Every situation will be explained to Health Department to ensure proper protocol, and the appropriate notifications will take place.
11. Parents~ please remind your dancers, especially young dancers, about the importance of keeping hands to self and following directions. We will unfortunately have to have dancers picked up if they are not able to follow directions. Thank you for your patience and understanding!
12. TDC will continue to monitor Covid-19 and its prevalence in St. Johns County and the state of Florida. Please check email for frequent updates from the studio to inform of any changes to policy as needed.

TDC COVID 19 Screening Questionnaire

(To be completed by all teachers, staff, dancers, and visitors.)

1. Have you been in contact with a person with confirmed or under investigation for coronavirus (COVID-19) within the last 14 days?
2. Have you exhibited shortness of breath, sore throat, fever, cough, rash, OR a combination of 2 of any of the following symptoms: diarrhea, chills, shaking with chills, muscle pain, headache, acute loss of taste or smell?

*Those who answer YES to any of the above will not be allowed to attend class/work and will require a negative Covid test to return.
